YeaSel 3000

Selenium Yeast 3000ppm

Organic selenium, which produced by submerged fermenting *Saccharomyces cerevisiae* in a selenium-rich media, and is a recognized source of organic form selenium nutrient for animals.

Swine

100-150g/t. Anti-stress (weaning, transport, environmental change), improve meat quality, reduce meat drip loss and prolong shelf life, improve reproductive performance.

Poultry

50-150g/t. Increase anti-oxidation capacity and relieve heat stress for broiler. And it can stable laying rate, improve the quality of egg and improve the hatchability of egg.

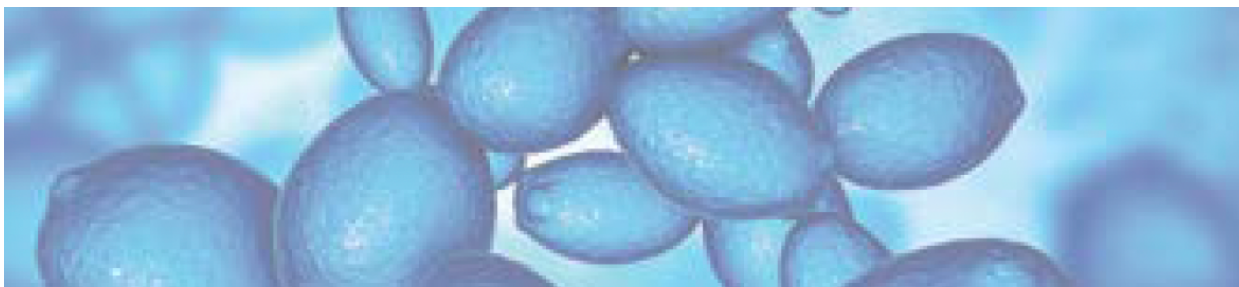

Ruminant

200-300g/t. Prevent mastitis and decrease somatic cell count in milk, improve conception rate and reproductive performance.

Aqua

100-150g/t. Anti-oxidation, relieve stress, stable production performance.

About Angel Yeast

Angel Yeast, one of the largest yeast and yeast extract manufacturers in the world, has more than 35 years of experience in yeast industry. Through continuous technical innovation and professional service, Angel provides high quality yeast and yeast derivatives for baking, food taste, nutrition & health, and biotechnologies. Angel is committed to the mission of developing yeast biotechnology and innovating for healthy life.

YeaSel 3000

Selenium Yeast

Feed Ingredient

DESCRIPTION

YeaSel, produced by submerged fermenting *Saccharomyces cerevisiae* in selenium-rich media, is a recognized source of organic form selenium nutrient for animals.

INGREDIENTS

Selenium yeast
(*Saccharomyces cerevisiae*)

STORAGE

Store in a cool and dry place.
Keep tightly closed and minimize exposure to moisture.

DIRECTIONS FOR USE

Dilute this product into a premix that contains no more than 600ppm selenium. The resulting premix can be added to the complete feed of chickens, turkeys, swine, beef cattle, dairy cattle, horses, sheep and goats at 500 grams per metric ton, or more if the premix contains less than 600 ppm selenium, to achieve 0.3 ppm organic selenium in the complete feed. Caution: Follow label directions. The addition to feed of higher levels of this premix containing selenium is not permitted.

GUARANTEED ANALYSIS

Selenium (Organic) (MIN).....3000PPM
Moisture (MAX)..... 6.0%

SHELF LIFE

24 months from date of manufacture
