- Certified Dyes - FD&C, D&C (for Food, Drug and Cosmetics)
- Dyes for Car Care (tunnel car wash applications)
- Dyes for Plastics
- Dyes for Interior Stains
- Dyes for Candles
- Dyes for Baskets & Potpourri
- Shop Towel Dyes
- Water Soluble Dyes for Inkjet
- Dyes for Coatings & Inks
- Optical Brighteners (available in liquid & powder forms)

## Options for Dyes

### Package Sizes:

- Powdered dyes are available in 5 lb. minimum plastic bag inside a box. Also available in 25, 55, 100 and 250 lb. packaging.
- Liquid dyes are available in 42 - 45 lb. minimum pails. Also available in 250 - 300 lb. (30 gallon) drums.
- FD&C dyes are available in 1 kg. (2.2 lb.), 5 kg. (11.02 lb.) & 25 kg. (55.1 lb.) packaging.
- D&C dyes are available in a variety of sizes.

### Usage:

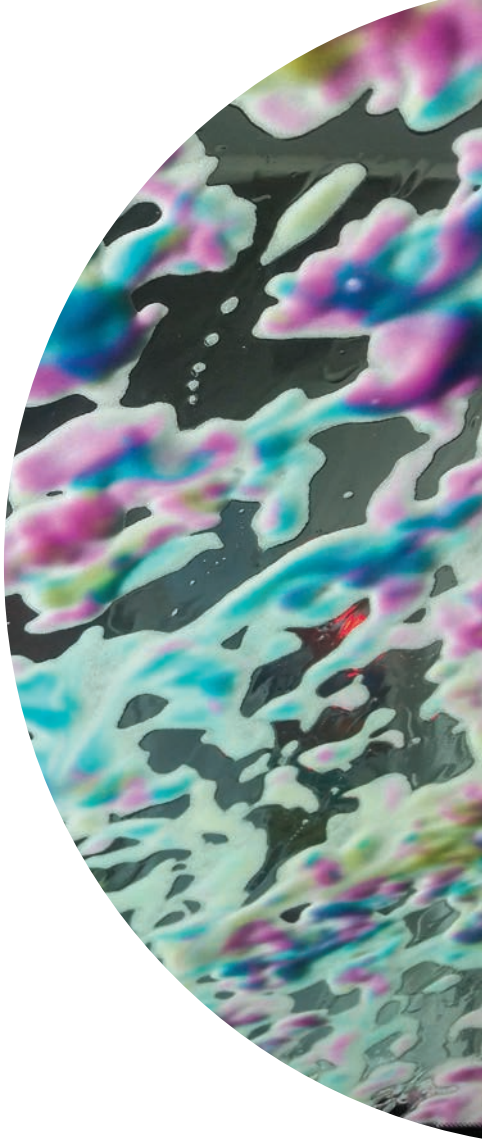

- Add 0.01 - 0.02% dye into a formulation depending on desired color tone. Some may vary due to the dye strength & desired shade.

### Dye Matching:

- Dyes may be matched with sample or by using Pylam product number.

### Environmentally Preferred Options:

- Barentz supplies dyes for use in formulations that may be approved by DfE.
- Barentz supplies dyes that are certified to GreenSeal Standards.

## Specialty Dyes & Off-Color Options

- Specialty blues recommended & safe for use in ponds
- Specialty yellows that are stable in bacteria based products that produce enzymes. 7.0 - 9.0 pH.
- Mixing directions available to obtain a cost-effective option.
